PATRIOT MIDI HINGE

KEY PRODUCT FEATURES

- Supplied pre-assembled and ready to fit improving the fitting process
- Unique integral hinged flag cover allowing easy access to lateral adjustment and fast installation
- Compression adjusts in linear motion without changing lateral adjustment.
- Available in choice of UV rated finishes including: White, Chrome, Brown and Gold (PVD). Other colours available to order.

PATRIOT MIDI HINGE

Product Specification

Carl F
International

The Patriot Midi Hinge has a slim design making it ideal for slimmer frames without encroaching on plaster lines. The product is supplied by Carl F assembled and ready to fit, significantly reducing fitting time.

The Midi Hinge is adjustable in 3 dimensions with concentric compression adjustment. One allen key adjusts compression and vertical height. Compression is adjusted in a linear motion avoiding any unwanted lateral movement. The unique 'click stop' device means that once set, the height and compression adjustments are retained in the desired position.

The hinge is designed to form a suite of products with a door handle, window handle and a letterplate, all with matching high quality finish.

TECHNICAL SPECIFICATION

ADJUSTMENT

Height: + 7.0mm

Compression: +/- 1.75mm

Lateral: +/- 5.5mm
