SPARTA 2 ESPAG HANDLE

Product Specification

Carl F
International

One attractive design, four high quality products forming a co-ordinated suite of door and window handles, door hinges and a letterplate.

The Sparta 2 is manufactured to an ergonomic design featuring a soft grip insert and a tight radius under the lever. This extends the effective length of the grip, giving optimal comfort and feel during use. The handle is available in inline and cranked versions for improved hand clearance.

The Sparta 2 espag handle has been manufactured to an extremely high standard offering outstanding product performance.
