

# Security Add-ons for Windows

- Boa restrictor
- Open inward restrictor

## Boa Restrictor

- 2 handed operation
- Non key operated
- Automatic re-engagement
- When opened, it will take up to 600N of pressure

The Boa Restrictor is designed to give 100mm initial opening, it requires 2 handed operation to open the window and automatically re-engages when closing the sash.

Fabricator friendly, it fits inline with friction stays and incorporates run-up blocks. It is fully concealed and can be retro-fitted.

<i>Description</i>	<i>Part No.</i>	<i>Box Qty</i>
