

Sleeves for Slotvents

- Rigid PVC-u
- Integral vanes

Sleeves can be provided to avoid exposing reinforcing to the air passage. Four different sizes of sleeve are available to suit different frame depths.

The routed slot needs to be increased to 170 x 17mm to accommodate the sleeve. A sleeve is required for each slot.

<i>Part no.</i>	<i>Depth (mm)</i>	<i>Box Qty</i>
49.5040.30.058	58	50
49.5040.30.062	60	50
49.5040.30.070	72 to 70	50
49.5040.30.075	75.5	50
