

# Vector/Vector Plus High Security

- Secured by Design (Vector Plus)
- GGF approved
- BBA assessed
- Unique end cap and point design
- No loss of performance
- No additional fixings required
- BS7950 compliant – enhanced security
- 13mm, 16mm and 17mm stack height

Designed and manufactured to satisfy the increasing demand for window security in a user-friendly hinge which fits standard cavities and allows for final adjustment of the vent. This hinge gives real resistance to the burglar's jemmy.

The Vector Plus provides even higher security with an additional security pin locking into the frame, thus supporting compliance with BS7950 for enhanced window security.
